Dear Mr. Chaitanya Sanjay Mundle:

Congratulations! It is my pleasure to offer you provisional admission to Clemson University's Graduate School for the MS program in Computer Science (Main Clemson Campus) for Fall 2019.

Our records indicate that we do not have official documentation confirming that you have received your degree(s). You must provide the Graduate School with final official transcripts for your bachelor's and any subsequent degrees. They must state the degree earned and date awarded. Additionally, for students enrolled at institutions outside of the United States, an official copy of a diploma or a degree certificate issued by the institution and showing receipt of all degrees and dates awarded may be needed, if not stated directly on the final official transcript. Please note that this provisional acceptance does not hinder you from registering for classes. However, your official documentation must be provided to the Graduate School before the end of your first semester of graduate study. A registration hold is placed on students who have not submitted all final-official transcripts.

We are very much interested in learning whether you plan to accept our offer of admission, so please indicate your decision to accept or decline our offer as soon as possible. You may do this through the application portal by clicking the "Complete Your Decision Form" button.

Specific questions regarding assistantships or fellowships, registration, and prerequisites should be directed to faculty and staff in the program. Please note that some graduate programs have academic or professional requirements or prerequisites. It is your responsibility to understand the requirements of the degree program as described in the graduate program handbook and to consult with the department if necessary to verify satisfaction of those requirements. Contact information for representatives of all graduate programs is available at: <http://www.clemson.edu/graduate/academics/program-contacts.html>.

NORTHERN ILLINOIS UNIVERSITY  
The Graduate School

Dear Tejas Satam:

Congratulations! I am pleased to inform you that you have been admitted to the Graduate School of Northern Illinois University for the Fall 2018 semester to pursue the Computer Science (MS) degree. To accept your admission, go to the Student Center in MyNIU. Failure to do so will prohibit you from registering for classes.

You will soon receive an email from the MyNIU Student Center with your login credentials and instructions on setting a password and logging in to MyNIU. Please watch your junk mail or spam filters for any mail from "niu.edu". These have been known to be caught by junk mail filtering.

You should arrange with your new department for an appointment to meet with an academic adviser prior to your first registration as a graduate student. Any deficiencies still to be resolved will be determined upon your arrival.

If you are unable to enroll in the above semester/term, you may ask to defer your admission up to but not beyond one year. You may request to defer your admission by using the form available at: <http://www.niu.edu/its/asp2/oribase/forms/gradschool/AdGrDeferral.aspx>. Such deferment is subject to approval by your major department or program and the Graduate School, and your request must be received by the Graduate School no later than the end of the semester/session for which you have been admitted. Failure to enroll for the stated semester/session or to defer admission by the last day of classes for Fall 2018 will result in cancellation of your admission.

If you have any questions, please do not hesitate to contact the Graduate School. Again, congratulations on your admission.

Sincerely,
