INTRODUCTION

Lokmanya Tilak College of Engineering organized it's Cultural Zephyr on 7th and 8th of April 2022.

Zephyr is an event where students take a brief time off their busy schedule and strive hard to acclaim proficiency in the field of performing arts.

This year we organized all the events which unveil the talents of our students at a bigger stage. Rap battle (Gully Shor) was made part of the Zephyr once again.

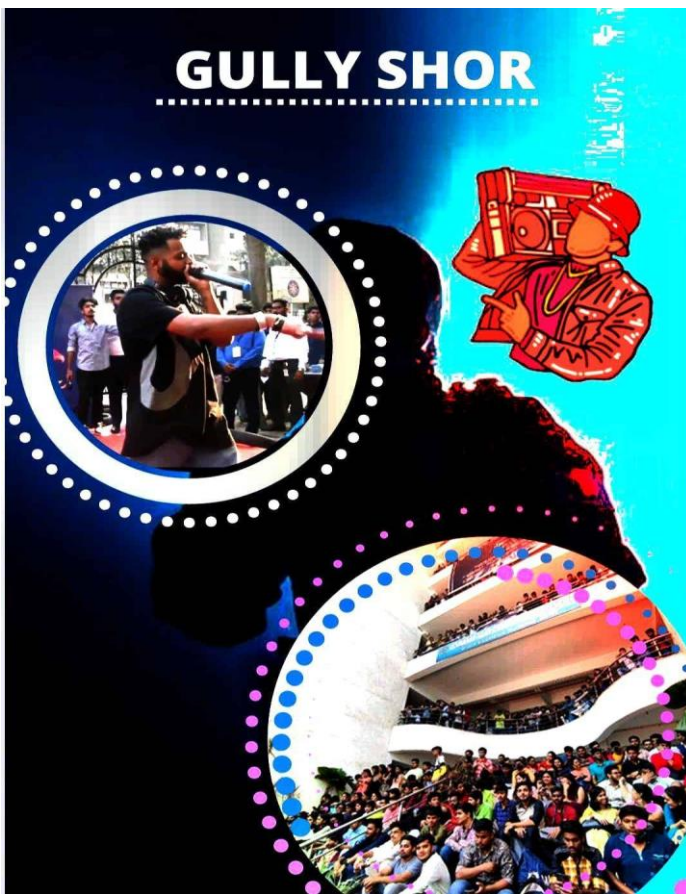

All the events that took place were stunning and full of interested young students waiting to show-off their talents and skills in various events while also enjoying and encouraging other performances

The major events of the college were cricket and football and the initiation of the committee began with the selection of college teams for the intercollege tournaments and university tournaments. The selection process was being conducted on the college ground itself by college providing cricket net and mat to the players.

More than 300 students participated in the selection process of which the committee selected a team of 18 members.
