Lokmanya Tilak College of Engineering is proud to announce that it has been accredited to run the AWS Academy programme in 2021-22. AWS academy is a global programme that develops and distributes AWS curriculum content to educational institutions worldwide. The course offerings are integrated into our own academic portfolios at our institution. The AWS Academy programme assists students in gaining knowledge, developing AWS skills, and obtaining AWS certification while pursuing their degrees.

Courses:

AWS Academy Cloud Foundations [3781]

AWS Academy Data Center Technician [12156]

AWS Academy Engineering Operations Technician [10658] –

AWS Academy Introduction to Cloud: Semester 1 [4354] –

AWS Academy Introduction to Cloud: Semester 2 - [9509] –

AWS Academy Machine Learning for Natural Language Processing -[3790]
